

## Meet Monika: How Your Partnership Can Change Everything

Monika is a passionate 4th grader. She has a flair for creativity, loves to dance, and wants to learn English. Her parents, limited by their income, made the difficult decision to send her brother to school while keeping her at home.

But thanks to ExtraordiNari Connections' tuition program, Monika now has the same opportunity to learn, grow, and dream just like her brother. We've opened the door for her to access education, giving her a chance to become everything she aspires to be.

### With your support, more girls just like Monika will benefit from:

- Tuition, uniform, and school supplies to attend school
- Infrastructure and curriculum investments at our partner school
- Well-being essentials like period care and sanitary products
